

Neha Madhuri Boddu

Chirala, India 523187

+91 1234567890 — nehamadhuri.boddu@gmail.com

Summary

Detail-oriented undergraduate student with a strong foundation in Python programming, data structures, and problem-solving. Experienced in developing web applications and API-integrated projects, with a focus on backend development and AI-driven solutions. Committed to writing clean, efficient code and staying updated with emerging technologies.

Experience

Web Developer Intern (Remote)

May 2025 – June 2025

SkillDzire, Hyderabad, India

- Designed and developed responsive web applications using HTML, CSS, JavaScript, and React.
- Integrated RESTful APIs to enable real-time data management and dynamic rendering.
- Improved UI performance and ensured cross-browser compatibility.

Skills

- | | |
|----------------------|--|
| • Python Programming | • Data Structures & Algorithms |
| • HTML & CSS | • SQL Database Management |
| • JavaScript | • Exploratory Data Analysis |
| • React | • Artificial Intelligence Fundamentals |

Education

Bachelor of Technology in Computer Science and Engineering

Bapatla Engineering College, Bapatla, India

2027

Achievement: Secured 2nd Rank in the Department for academic excellence.

Certifications

- Introduction to Generative AI – IBM SkillsBuild
- Agentic AI – GeeksforGeeks
- Python Fundamentals – Infosys Springboard

Projects

Currency Converter Web Application

- Built a responsive currency converter using HTML, CSS, and JavaScript.
- Integrated REST APIs to fetch live exchange rates using asynchronous calls.
- Implemented input validation and dynamic UI updates.

To-Do List Application

- Developed a task management application using HTML, CSS, JavaScript, and React.
- Implemented state management to add, delete, and update tasks in real time.
- Enabled local storage for persistent task data.
